

THE BIN TRAILER

2026 MODEL SINGLE COLD

Compact Commercial Trailer for Professional Bin Cleaning

EXECUTIVE OVERVIEW

Engineered for entrepreneurs entering the trash bin cleaning industry with controlled startup costs and strong profit potential.

TARGET APPLICATIONS

- Residential routes
- Small commercial accounts
- Solo operators
- Startup businesses ready to scale

KEY CAPABILITIES:

- Delivers professional-grade pressure
- Simplified
- Simplified single-operator workflow
- Reinforced construction in a compact design

BUILT FOR DAILY OPERATION. DESIGNED FOR EFFICIENCY. STRUCTURED FOR PROFITABILITY.

PROFESSIONAL POWER SYSTEM

The Heart of the Machine

- **ENGINE:**
Honda GX390
(Electric Start)
 - **PUMP:**
Industrial
Triplex
 - **PRESSURE:**
4,000 PSI
 - **FLOW RATE:**
4 GPM
-

This system delivers consistent, high-performance pressure capable of removing heavy buildup, organic residue, grease, and embedded debris.

RELIABLE • DURABLE • BUILT FOR COMMERCIAL USE

WATER & FILTRATION SYSTEM

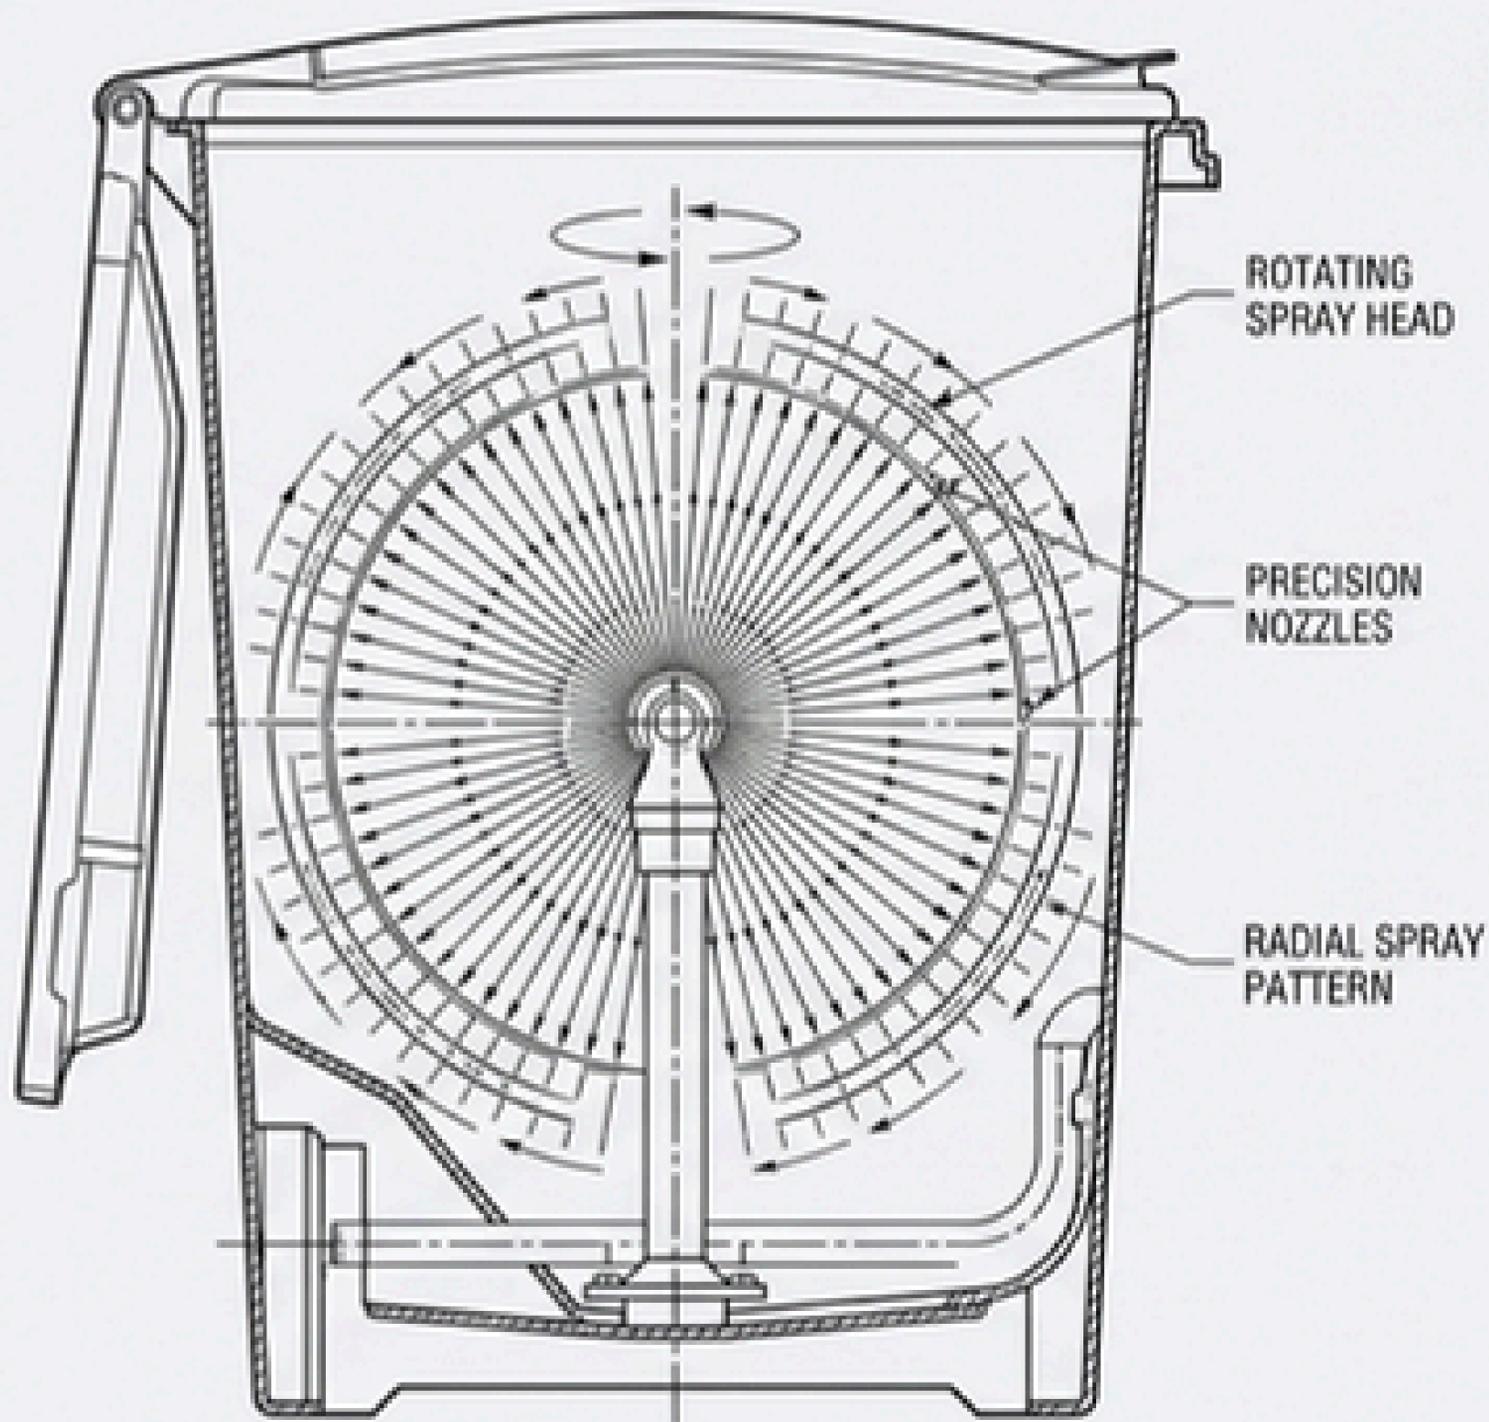

- **OPERATIONAL CYCLE:**
Designed to operate at approximately 160 gallons for transport stability and safety.

- **INTEGRATED FILTRATION:**
Located between tank and pump to protect internal components.

- **WASTEWATER MANAGEMENT:**
Includes wastewater containment capability.

360° INTERNAL CLEANING SYSTEM

- ✓ High-speed rotating spray head
 - ✓ Multiple precision nozzles
 - ✓ Enclosed wash chamber to minimize splash-back
 - ✓ Fast and consistent cleaning cycles
-

BENEFIT:

Designed to deliver uniform results while maximizing route productivity.

SMART LIFT SYSTEM

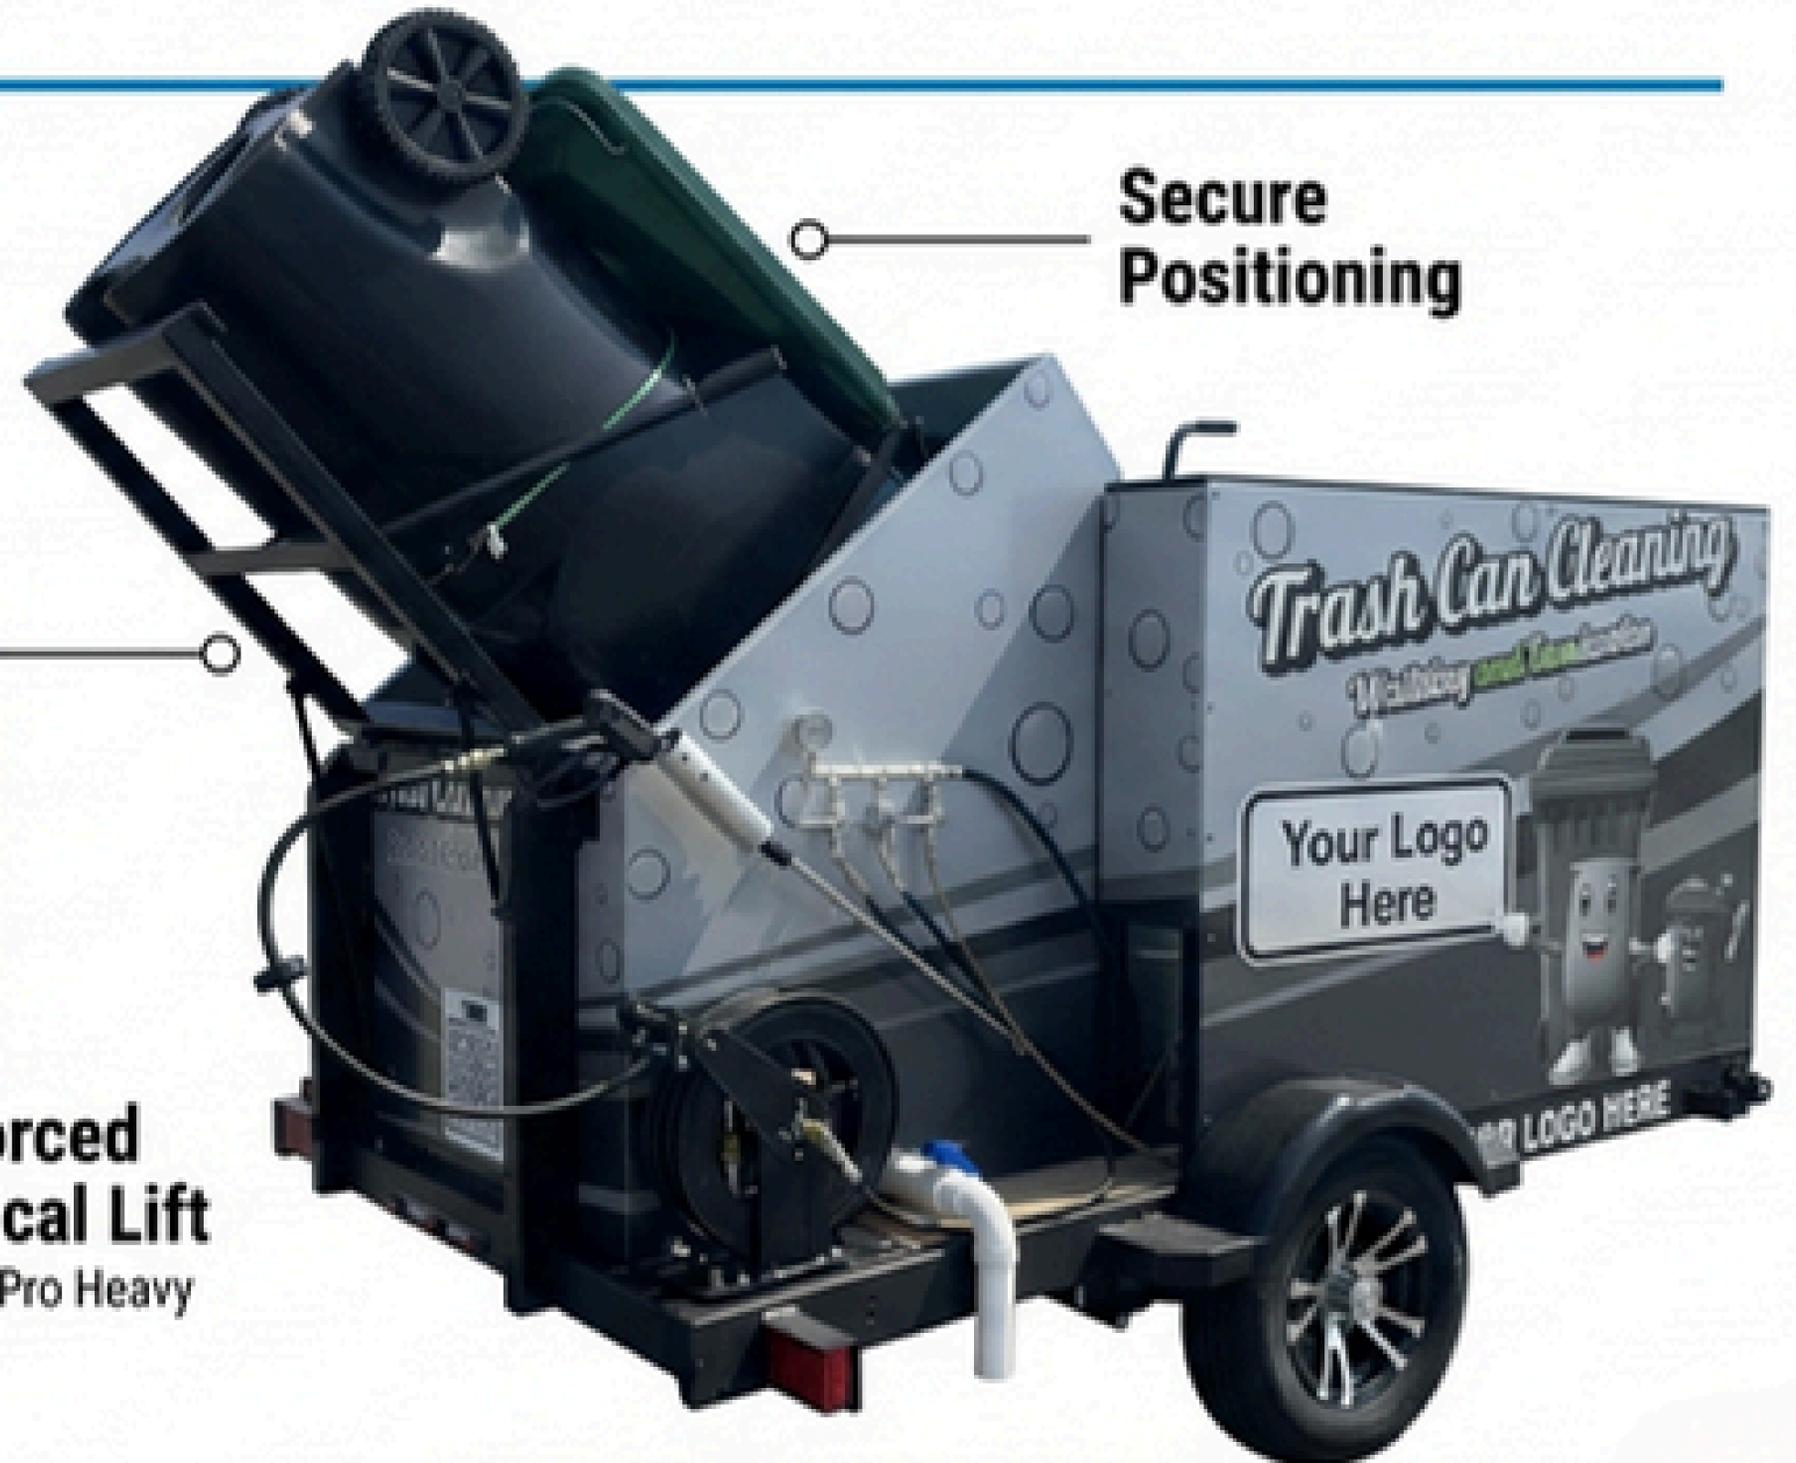

Engineered for single-operator use.

FEATURES:

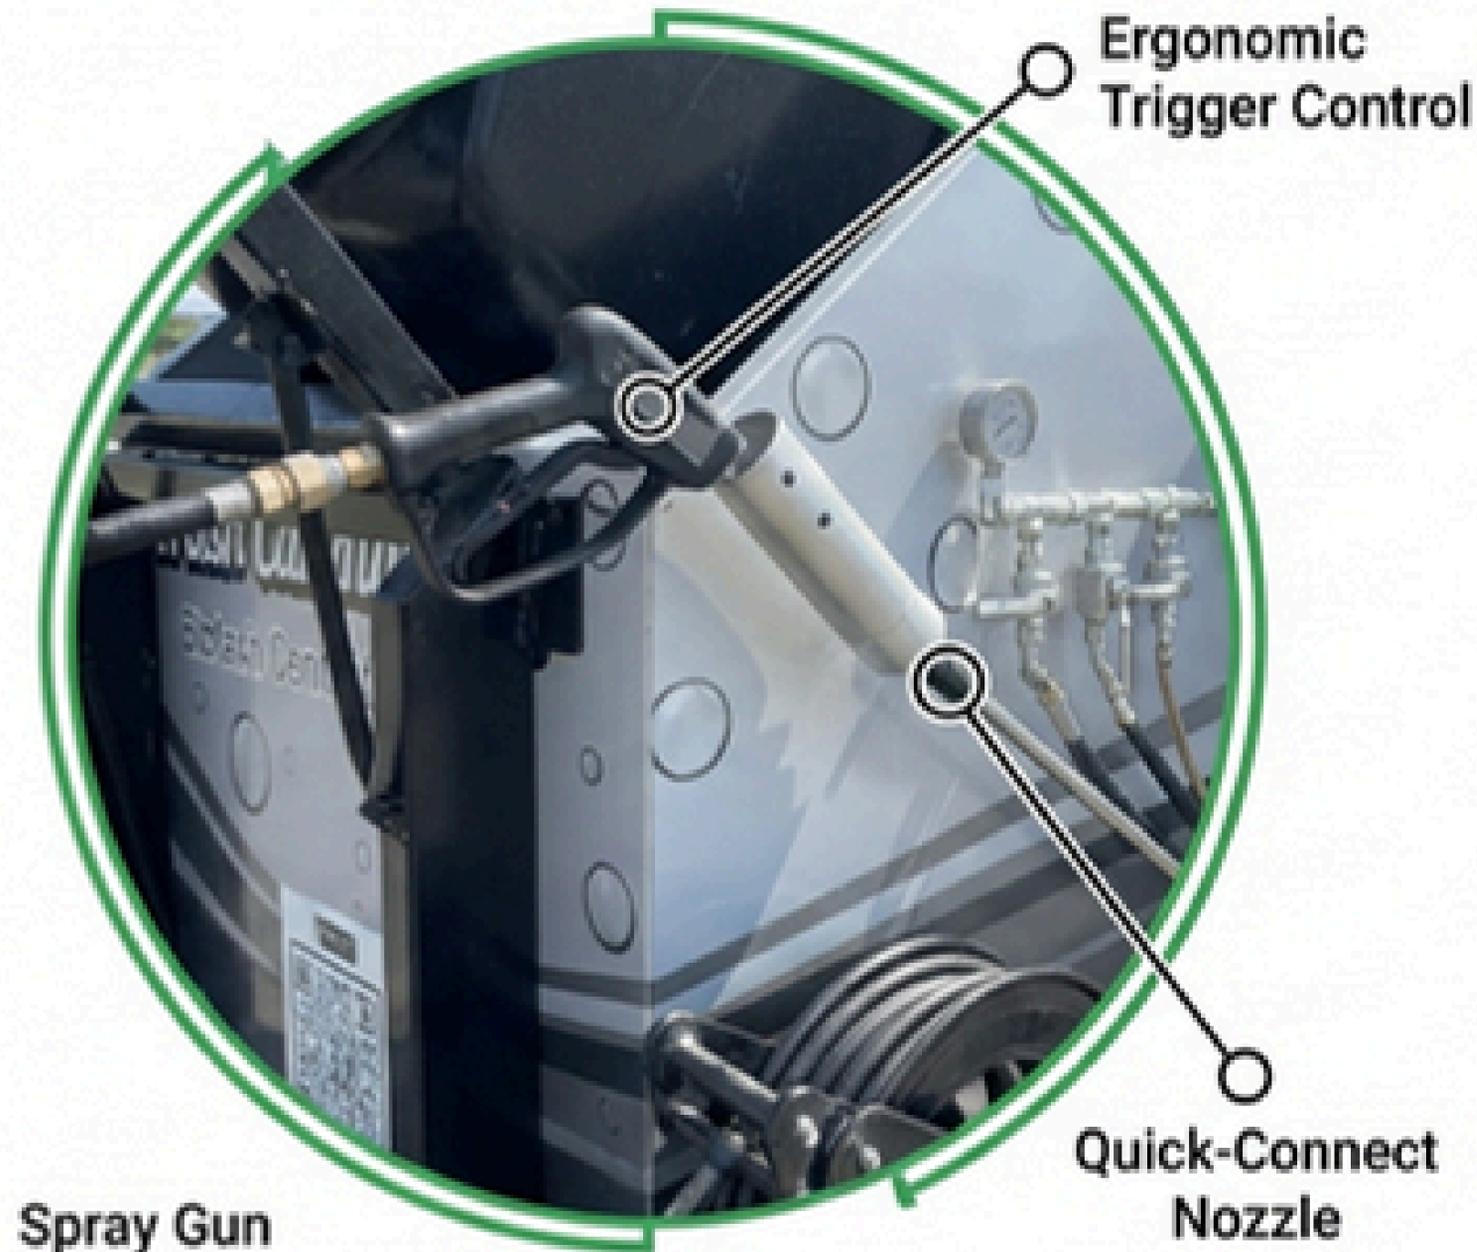

- Easy loading and unloading
- Heavy-duty steel construction
- Low-maintenance design
- Reduces physical strain

**Reinforced
Mechanical Lift**
DIN Next LT Pro Heavy

**Secure
Positioning**

EXTERIOR WASHING CAPABILITY

BEYOND THE BIN

Includes a professional high-pressure spray gun for versatility.

APPLICATIONS:

- Exterior bin surface cleaning
 - Final detailing
 - Residential pressure washing services
 - Light commercial cleaning
-

BUSINESS VALUE: Expand service offerings beyond standard bin cleaning.

VALVE CONTROL & SAFETY SYSTEM

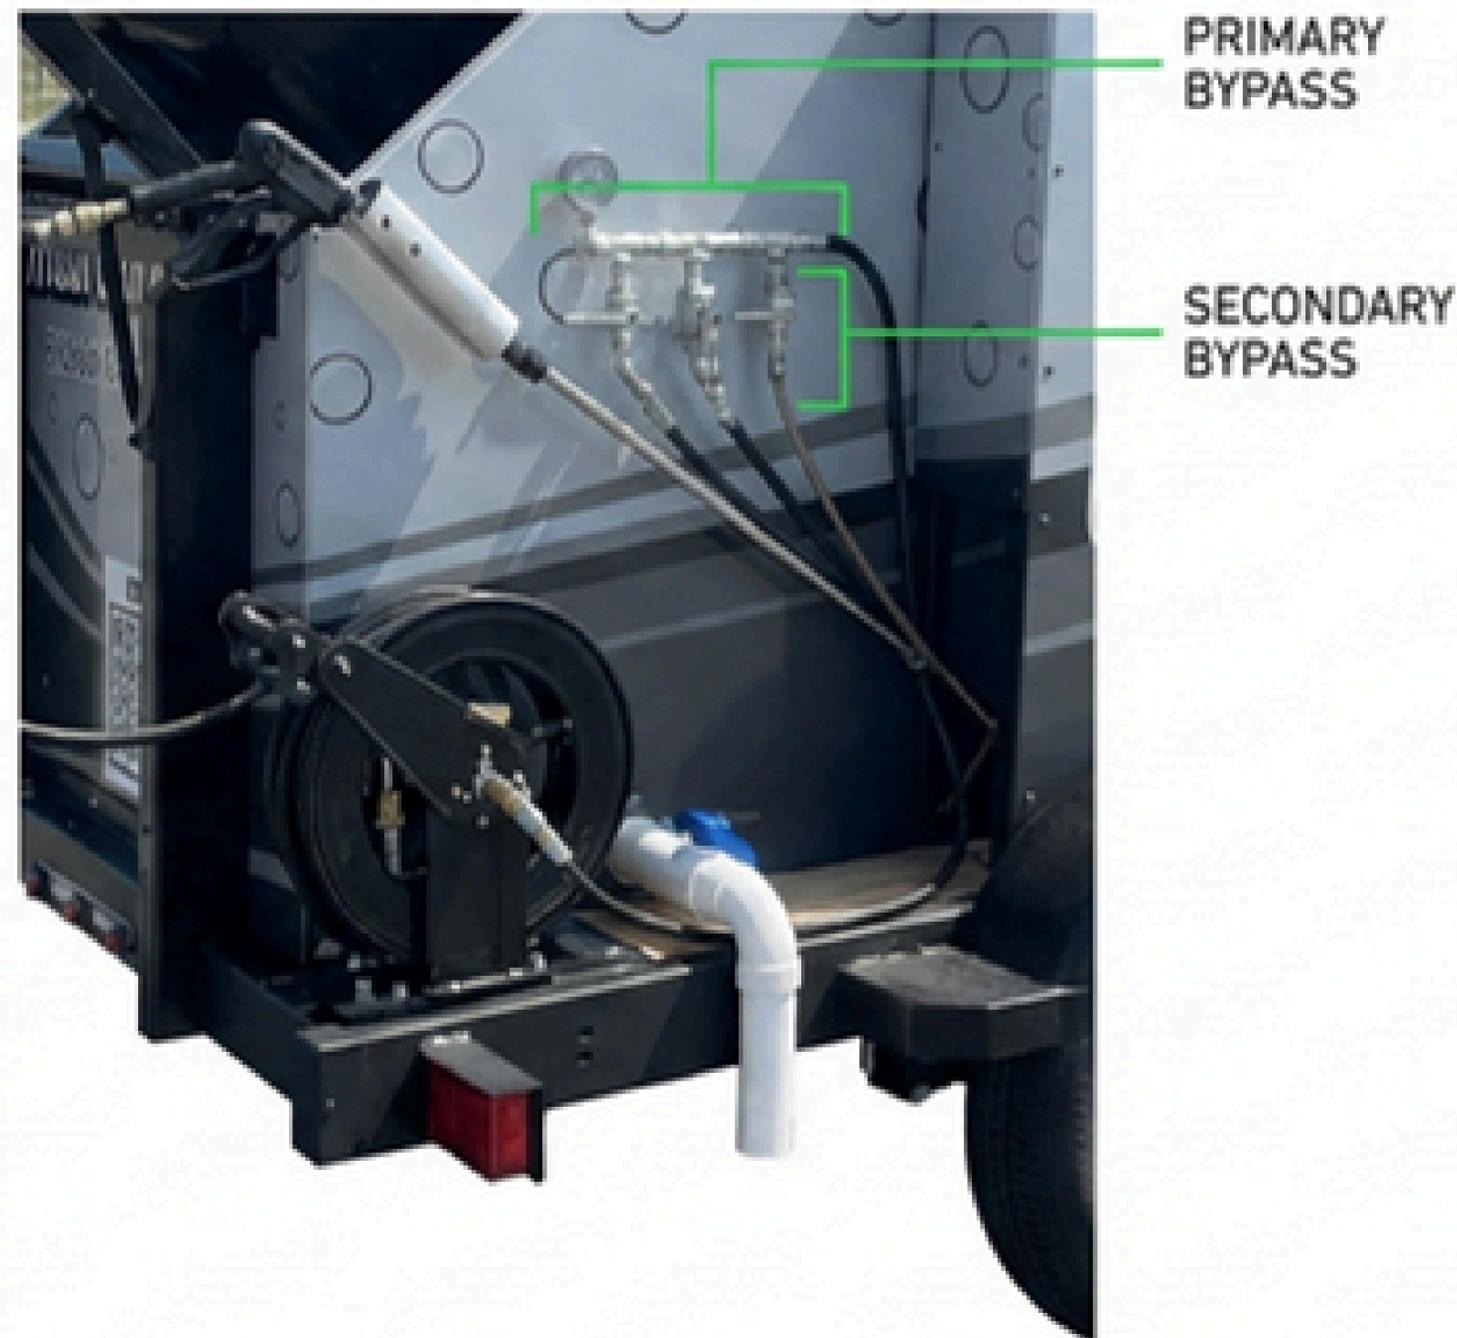

DIN Next LT Pro HEAVY

DUAL BYPASS PROTECTION

A reinforced, easy-to-use valve control system designed for longevity.

- **PRIMARY BYPASS:** Pressure regulation.
- **SECONDARY BYPASS:** Additional pump protection.

BENEFIT: Enhances operational reliability and extends the life of the pump.

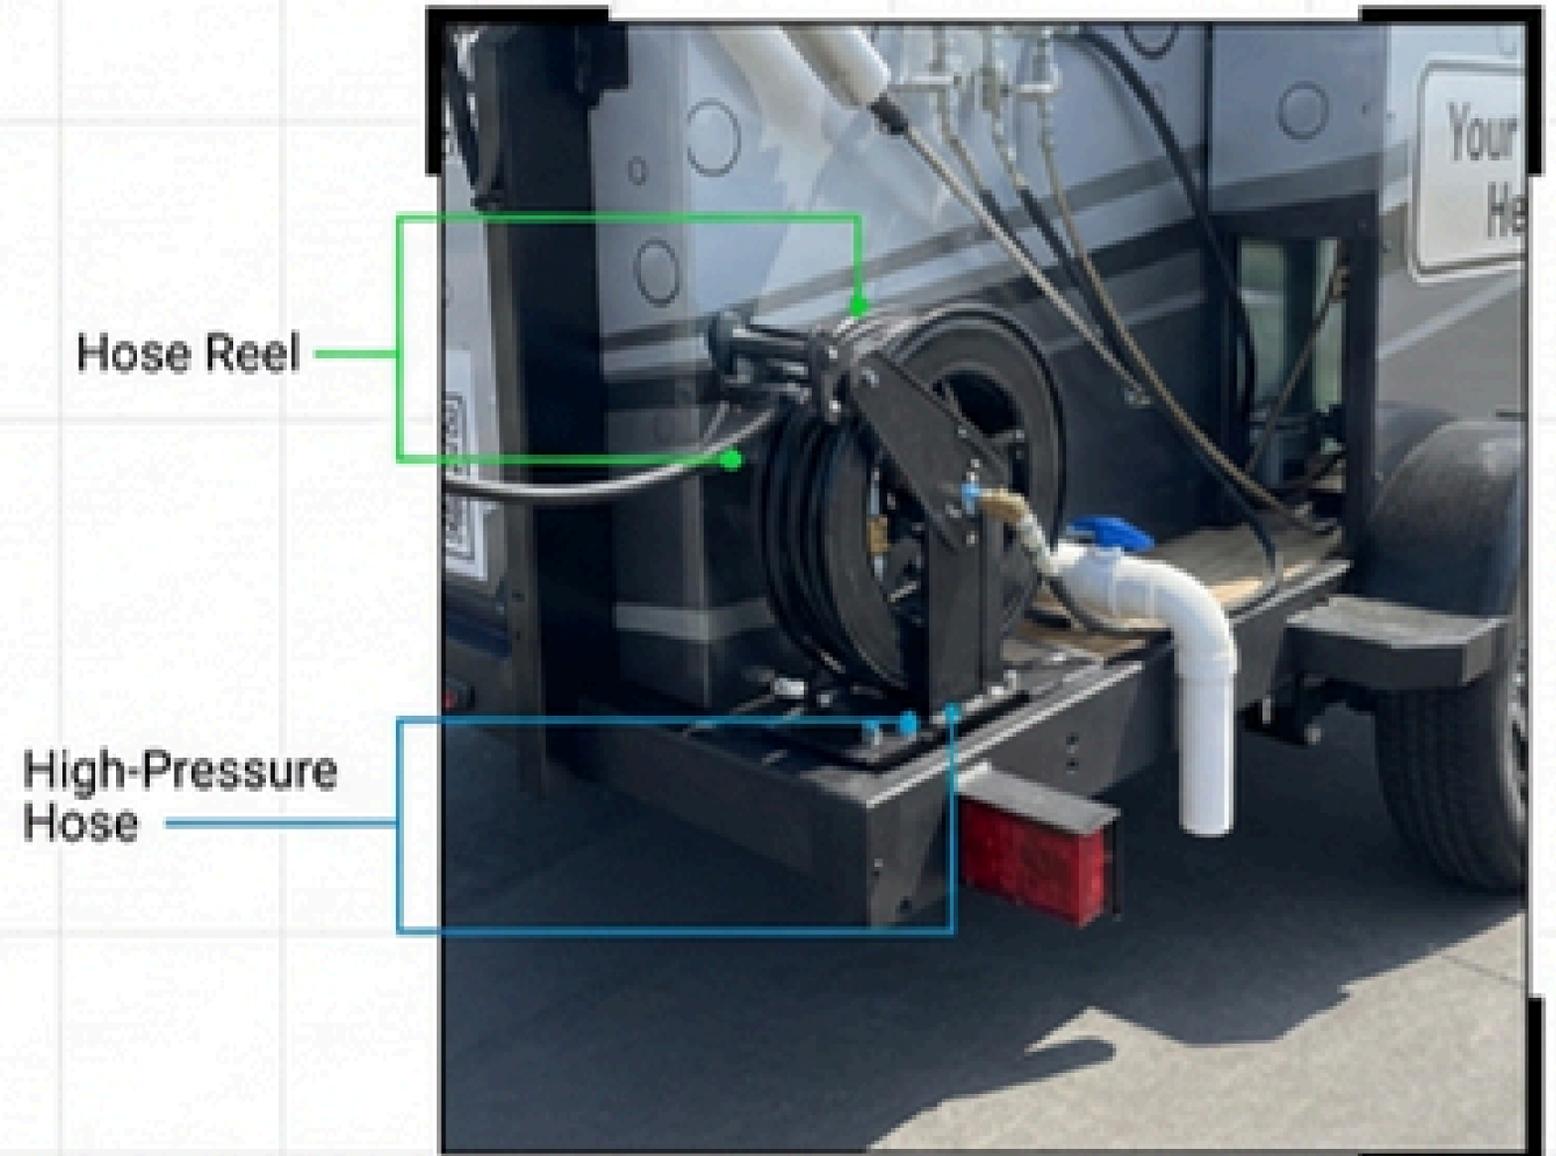

HOSE REEL SYSTEM

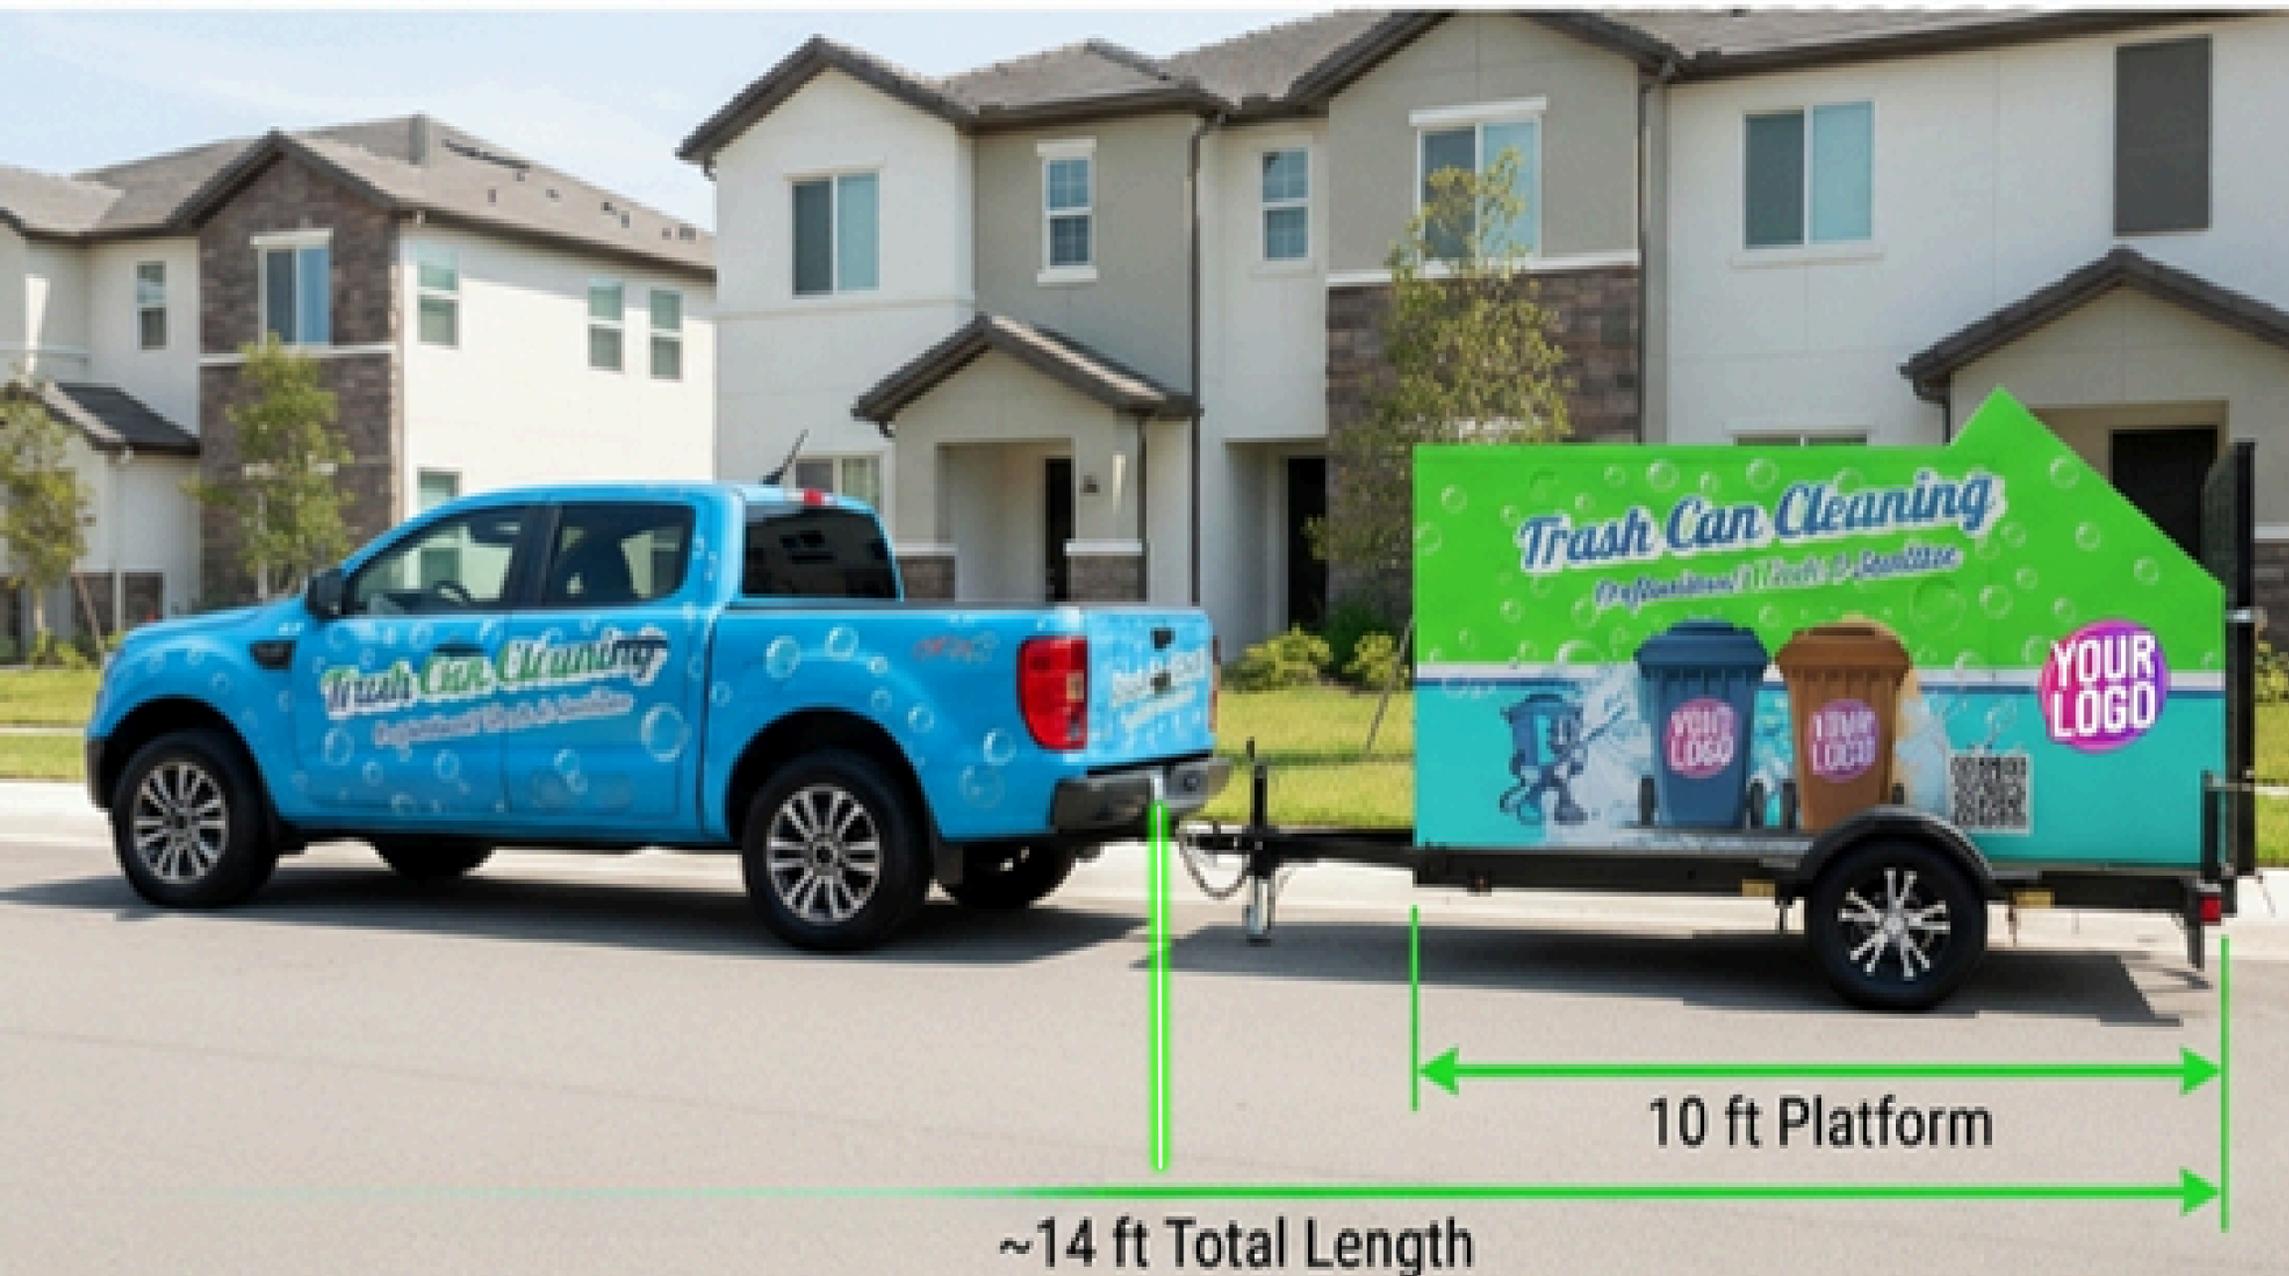

DIN Next LT Pro HEAVY

- **EQUIPMENT:** Semi-automatic hose reel.
- **REACH:** 50 feet of high-pressure hose.
- **EXPANDABILITY:** Compatible with quick-connect fittings for additional length.

BENEFIT: Provides flexibility for extended reach on job sites.

STRUCTURE & DIMENSIONS

FOOTPRINT

- **Platform:** 10 ft x 5.5 ft
- **Total Length:** ~14 ft

WEIGHT

- **Operating:** 2,650 - 2,700 lbs

LOGISTICS

- **Towable by:** Pickups, Vans, SUVs
- **Storage:** Fits inside standard residential garage

CONSTRUCTION & ELECTRICAL

BUILD QUALITY

- Aluminum water tank
- Reinforced steel frame
- Commercial-grade chassis
- Industrial-grade components

ELECTRICAL SYSTEM

- 12V system (Battery included)
- Reliable startup for Honda GX390

Reinforced Steel Frame

12V Battery System

Honda GX390 Startup

Engineered for consistent daily operation in real working conditions.

TECHNICAL SPECIFICATIONS SUMMARY

Engine	<ul style="list-style-type: none">• Honda GX390
Pressure	<ul style="list-style-type: none">• Up to 4,000 PSI
Flow Rate	<ul style="list-style-type: none">• 4 GPM
Tank Capacity	<ul style="list-style-type: none">• 275 Gallons
Rec. Operating Volume	<ul style="list-style-type: none">• 160 Gallons
Platform Size	<ul style="list-style-type: none">• 10 ft x 5.5 ft
Total Length	<ul style="list-style-type: none">• 14 ft
Weight	<ul style="list-style-type: none">• 2,650 - 2,700 lbs
Hose	<ul style="list-style-type: none">• 50 ft expandable
Electrical	<ul style="list-style-type: none">• 12V with battery
